Will FSET Affect Your FoodShare?

FSET is a voluntary program and will not impact your FoodShare benefits.

Some FoodShare members may have a work requirement. You will receive notice if you have a requirement. Volunteering and engaging in FSET is one way to meet that requirement.

What Can You Expect?

- You will **ALWAYS** be treated with **RESPECT** and be **VALUED** as a person.
- You will have **OPPORTUNITIES** to pursue your goals and find employment that **YOU** want – it's more than “just getting a job”.
- You will be treated **FAIRLY** and will not be discriminated against for any reason.

How to Participate

You will develop a plan with your case manager that includes your goals and the activities you want to do to meet those goals. You can choose how many hours you want to participate in the FSET program.

Do You Need to Track Your Activity?

You **do** need to track your FSET activity. You can share that information in a variety of ways including:

- Telling your case manager in person or over the phone
- Through email or text
- Online via www.MyFSET.net
- Using our paper report form
- Writing it on a piece of paper

Employment Opportunities

When enrolled in FSET, you have the opportunity to:

- Find out more about your local labor market
- Connect with more than 80 FSET employer partners
- Learn what employers want to know about you

Complaints

If you feel you have not been treated well or were denied services, you should first try to talk with your case manager to resolve the issue. If the issue cannot be resolved with your case manager, you can bring your concerns to a manager.
